INTRODUCTION

The following iconic characters are provided for players' convenience. A few notes:

1. Interests, proficiencies, focuses/fortes, and gear picks are provided as suggestions – players should feel free to change them as desired.
2. Characters are equipped for a Caliber II mission. Mission gear should be adjusted accordingly if the mission is of a different Caliber. Except in the case of the Wheelman, class abilities are not factored into the listed mission gear.
3. All characters are assumed to have Faction alliance and bonus gear picks have been chosen from the Faction-permitted categories. If players choose to become Freelance instead, they must adjust their bonus picks accordingly.
4. Each character's listed skill bonuses include benefits from feats, attributes, and other character options. Synergy bonuses are *not* included, however, and the player should adjust his skill bonuses accordingly when they apply.
5. Modifiers gained from feats, class abilities, and other character options are included in the appropriate area.
6. Profession focuses are provided for flavor only and should be shifted as desired.
